

ZAPATISTAS ROUTED IN OBREGON'S REAR

Tampico Troops Arrive in Time to Aid the Carranza General.

LATTER STILL ADVANCES

El Paso, May 2.—Carranzista officials declared today that Gen. Obregon had reached Leon, State of Guanajuato, in his march northward against Villa. This is a considerable distance north of Toluca, the Villa base, where Obregon administered the last defeat to the northern chief nearly two weeks ago. It is four stations north of Silao, which Obregon took during the past week, and shows a steady advance of the Carranza leader.

Carranza messages further asserted that the Zapatistas sent from Mexico City to attack Obregon in the rear and to assist Villa, had been defeated and forced to fall back to the national capital.

The message asserts that the Obregon forces drove them back to within twenty miles of Mexico City and that Obregon is now in control of every foot of territory along the Mexican Central Railroad from that point north to Leon.

Gen. Pablo Gonzalez, it is announced, has advanced north from Victoria, capital of Tamaulipas, to besiege the city of Monterrey. His troops occupy the suburbs of the city, the Carranza message declares.

Gen. Gonzalez was in command at Victoria when Gen. Villa was beginning his campaign from Monterrey against Tampico. Matamoros, the nearest place to his troops at Victoria, stopped the Villa army in the advance against Tampico.

It is stated that a part of the Tampico army was responsible for the Carranza defeat in the rear of Obregon. The Tampico troops, when the part of Tampico no longer was besieging Obregon, were hurried to the relief of Obregon and arrived in time to prevent the Carranza reinforcements from attacking him.

Communication with Obregon is being kept open from Vera Cruz, and he is being supplied with all the provisions and ammunition he needs. It is notable that Villa's importations of arms through El Paso have practically ceased, giving color to the report that the Villa treasury is empty.

Villa officials continue to progress south from Aguascalientes and claim a number of victories "skirmishes." They are mentioned as having captured a small town and are reported as making movements. The Villa forces do not claim to hold any important town south of Aguascalientes and do not deny the Carranza report of the occupation of Leon.

VILLA CLAIMS VICTORIES.

Reports Triumph Over Obregon's Men Near Trinidad.

WASHINGTON, May 2.—The Villa agency has announced to-night that an important success over the troops of Gen. Obregon has been gained in the fighting near Trinidad.

The agency made public a telegram from Gen. Villa saying that 500 Carranzista soldiers had been killed in battles during the last several days and that eight machine guns and much war material had been captured from the retreating enemy.

The achievements of the Villa troops are referred to as "further important" successes in the new offensive movement against Obregon, and a telegram from Villa made public to-night.

"I beg to advise you that our troops yesterday engaged the enemy for almost two hours with great success. Our losses were twenty dead and twenty wounded. The enemy was driven back to Hacienda de Romita. We inflicted upon the enemy a loss of more than 200 killed and captured, four machine guns and other munitions of war."

The burning of a storage house near Trinidad many Carranzistas perished, among them, it is reported, Gen. Francisco Murguía.

Fresh cavalry reinforcements have arrived at Trinidad to relieve those who have been engaged and afford them some rest. These fresh troops are commanded by Gen. Jose Rodriguez, and in the engagements we have had up to this time neither our infantry nor our artillery has been obliged to fire. We are receiving ammunition in large quantities every day."

Trinidad is a railroad station about eight miles from Leon and is about ten miles southwest of Silao.

CIVIL SERVICE ACT OPPOSED.

Westchester Men Against Bill for Separate Commission.

The Civil Service Reform Association and the Westchester County Research Bureau are appealing to Gov. Whitman to veto an act which would provide a separate civil service commission for Westchester county. The measure, which was introduced by Senator George A. State of Post, would create a board of supervisors of any county having a population between 250,000 and 300,000 and adjoining a city of more than 100,000.

John G. Cartwright, secretary of the Westchester County Research Bureau, says that the measure would give a free rein to politicians in Westchester county.

WANTS BRANDEIS IN INQUIRY.

Stewart Browne Suggests Him for Finance Investigation.

Stewart Browne, president of the United Real Estate Owners Association, made public yesterday a copy of a letter which the members of his organization are sending to State Senator E. H. Brown, urging the appointment of certain men to the committee which is to investigate New York city's finances.

He suggests Louis Marshall, Walter H. P. Ellison and Louis Brandeis as members of the committee.

CHINESE SEAMEN VISIT.

Fifty Delegates Will Arrive in U. S. on May 20.

Kiang Yeh, second secretary of the Chinese Legation at New York, is expected at the Hotel McAlpin yesterday that a delegation of some fifty representative Chinese commercial leaders will arrive at New York City May 20 for a visit which will extend over the next several days.

The trip is in return for the Chinese Legation's visit to the United States last year.
